Question 1a: Which Hub Main Space Design Concept do you like best? Do you have any other comments on the spaces?

Shoreline

shoreline and Cloud

shoreline

Shoreline. I like the colors

shoreline

this one

Shoreline

Shoreline - the colors and ceiling pattern are calming and welcoming. The sound absorption would be very helpful as well.

Cloud

Other Comments:

Every detail from all three and put it all togehter

Keep celing colors light for a bright and airy feel

Love all the mixed colors. White can be sterile

Ceiling c0lors to the native plants that will be planted

Will the white get dirty with dust or will there be an air purification system?

All three - can't decide

Like all of the different areas for specific activities (art room, computer room, etc.). Makes it possible to have multiple activities running at the same time

Question 1b: Which Hub Main Space floor pattern do you like best?

Question 1c: Which light fixtures do you like best over the reception desk?

Drum Lighting in custom colors

Drum lighting will bring out the carpet - game changer

Drum light will bring out the carpet more!!

Drum lighting in custom colours!!!!

Drums

Drum lighting in custom colors

drums because of staff needing to answer calls and greeting

Bright lighting is needed in that area but too bright fluorescent lighting can be harsh

Rings

Rings

Rings

Can the rings change color?

Definitely the rings

If the ring lights could change color

rings

Rings

I love the rings! Nice and bright!

Love the smart board!

Different colors through the color of the light will be cool.

What are the yellow things in the ceiling?

And have different light switches change each light colours

The ceiling electrical cords are so cool!!!

Why not have the light covers have different colors

All are nice

Will there be a sink in the art room.

is it possible to have a sink for messy art projects? Paint, and other stuff

Vacuum anything with paper or dust

We do lots of crafts and painting

3a. OYA Classroom

3b. OYA Classroom

3c. OYA Classroom

Question 3: Which color scheme do you like for the OYA classroom?

A - room feels energetic, colors are vibrant but not too loud/distracting

A

A

3a has a nice feel to it. Not too vibrant or too dark. The colors look very gender neutral as well.

OYA Classroom should also have a podium

Incorporate OYA's logo

Green is a good calming concentration color, and blue is promoting.

Hub logo should go on the main space, black and gold logo color

Why not have the classrooms be the same color as the schools color? OYA's classroom (black and forest green)

Will Hub colors (black, gold, and white), and Hub logo be incorporated anyone.

Quote: The only thing you have to fear is is fear itself

Quote: If you try you may fail, if you focus you may prevail

Add in HUB slogan in the main space: HUB Slogan "It all evolves around you(th)"

Slogan and logo at entry and prominent

Live cam on the stove that would project down

The countertop tops should have small sinks as well (Island)

I like B. I feel like the lighting is good for cooking

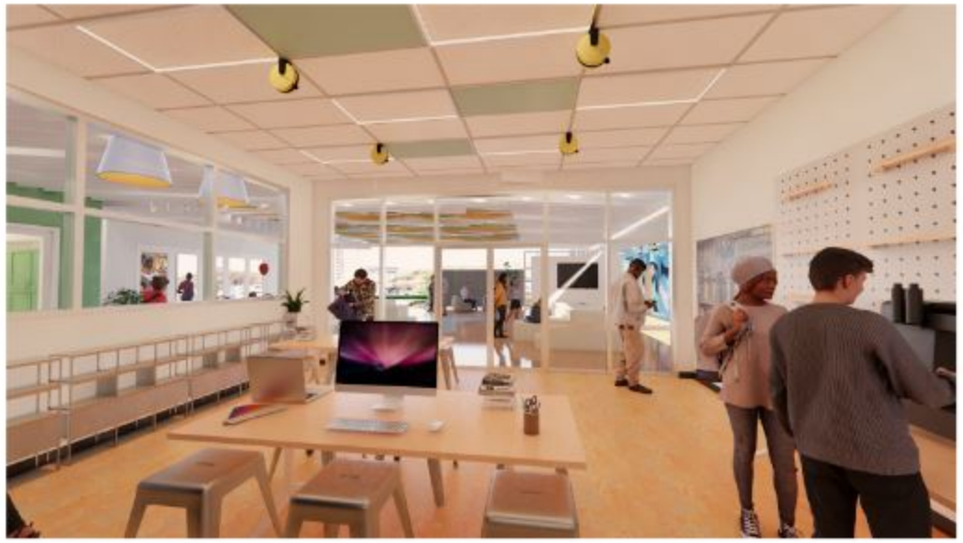
Is there a stove exhaust?

Should be a place where you can hang pots and pans

Will there be a dishwasher?

Will there be a refrigerator?

Question 5: We really want to design for you a HUB that feels welcoming, safe and comfortable! What else should we think about?



Career room could also be used to host on-site job fairs and recruitment events.

Second idea of the fenced off area just for children to pay in the child supervision room

HUB Youth/ Alumni

HUB Staff

Other HUB Stakeholders

Like the openness with the big windows to the outdoors and windows around the maker space

Privacy furniture gives a semi private area but still centrally located (semi-enclosed, partition)

Like the idea, like the design of each room, and like that the design is going to get an upgrade. Like that Hub clients and Hub staff is creating a new design.

Common area in the parent supervision area - kids who don't want to be around from parents, they can play and make friends in a fenced area way from parents

Want to see in HUB main space next to the entry - HUB alumni and youth achievements to be featured?

Individual spaces (like mini cubicles) for studying/reading/alone time

Green screen wall for virtual interview will be a great idea - in Career room, art room, conference room.

I like that all of the rooms have a different color scheme and design, giving them all a different feeling

Maybe a Mental Health "Calm Down Corner". An area we can go to where we can sit, relax, and maybe read an encouraging book
